

a
DELICIOUS
— piece of art —

Prost to Authenticity!

Since the soft pretzel originated in Germany, many years ago, people have been trying to perfect its style and flavor all across the world. We're happy to say, we have combined many different worldly ingredients to create the ultimate authentic, pub-style soft pretzel.

Brauhaus Pretzel™ translates to "pub pretzel" in German, and just like a German pub, this soft pretzel offers a lively experience to remember. These new soft pretzels are nothing short of the real deal. Handmade and rolled to perfection, with every ounce of authenticity, this is a delicious piece of art.
